Hole #1
Par 5

A straight away par 5 that can be reached in two, you must avoid O.B and the bunker on the right with your tee shot. Position your second shot in the fairway for a simple third to a narrow green. Par is a good score here to start your round.

Hole #2 Par 4

■ 385 □ 363 ■ 285 ■ 275

A challenging uphill par 4, the second hole requires an accurate tee shot between the bunkers on each side of the fairway. You are left with a long second shot where controlling your distance is crucial to finding the green. Bogeys abound!

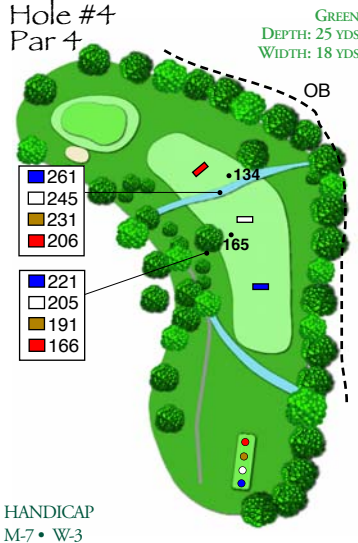

Hole #3 Par 3

■ 203 □ 188 ■ 176 ■ 166

Things get tougher on the third, a long par 3 that plays slightly uphill. Trees line both sides and there is little margin for error. Most players are chipping on and any 3 here is a good one.

Hole #4 Par 4

■ 397 □ 381 ■ 367 ■ 342

Leave the driver in the bag on this tee shot and play a draw to the 150 marker at the corner of the dogleg. You must carry your second shot onto the green as there is a mound preventing any run-up shots. Once again, bogey is not a bad score.

Hole #5 Par 4

■ 351 □ 334 ■ 322 ■ 309

Be careful on this tee shot, as the box aims you straight into the woods. Again, a draw to the 150 marker is ideal and leaves a short iron to a well guarded putting surface. Add one club to your second shot for the prevailing wind elevated green.

Hole #6
Par 4

■ 361 □ 346 ■ 326 ■ 305

Straight is the name of the game on this hole and you are left with a short iron second shot. Long hitters can drive this green but that also brings bogey into play. This is the best chance for birdie on the front nine, so take advantage!

Hole #7
Par 4

■ 419 □ 387 ■ 370 ■ 328

A long par 4 dogleg left, this hole requires correct placement in the fairway to hold this green with your second shot. Add one club hitting into the green as there is almost always more wind than you can feel. Par is a very good score.

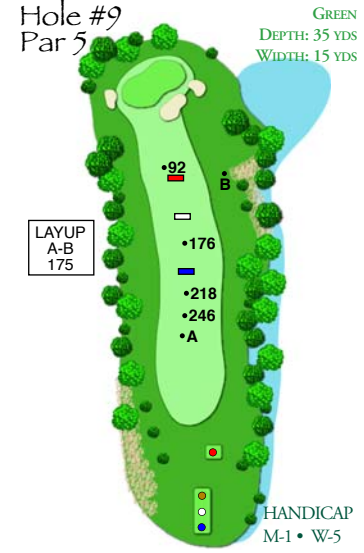

Hole #8
Par 3

■ 186 □ 170 ■ 150 ■ 107

Judge the wind correctly and you can be rewarded on this mid-range par 3. We have more hole-in-ones on this hole than the other four par 3s combined.

Hole #9
Par 5

■ 550 □ 541 ■ 512 ■ 437

Priority number one here is avoiding Tuscarora Creek on the right with your tee shot. The second is no bargain and you must stay to the left side of the fairway with this lay-up leaving a short iron approach over a bunker to one of our biggest greens. Make par here and you have finished the front nine in style.

■ 171 □ 157 ■ 146 ■ 134

The wind plays havoc on this downhill par 3. Judge it correctly and you are rewarded with a relatively easy par. Make a mistake and double bogey is likely.

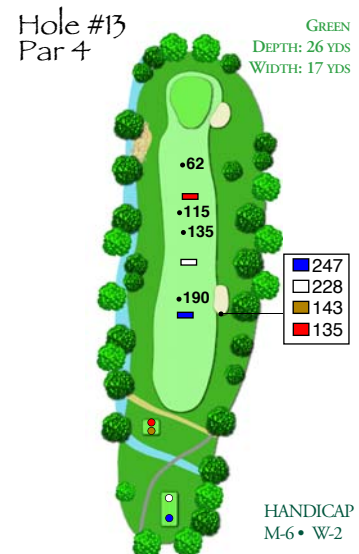

■ 500 □ 488 ■ 432 ■ 377

This dogleg right par 5 can easily be reached by long hitters, but trouble lurks the entire right side of the hole. Any lay-up shot should be played to the widest part of the fairway at 100-125 yards out, leaving a short approach to a wide open green.

■ 393 □ 378 ■ 330 ■ 267

One of the toughest holes at Westpark, there is out of bounds right and Tuscarora Creek to the left. Accuracy off the tee is a must! A good tee shot leaves a middle to short iron into a small green. Par is a great score here.

■ 442 □ 423 ■ 338 ■ 330

The longest par 4 on the course, you must keep your tee shot out of the Tuscarora Creek to the left. You are left with a long second with hazard to the left and a large bunker on the right. Most players should lay-up short of the green and try for a one putt par.

This is another reachable par 5 for the longer hitters. Avoid the bunker on the right hand side of the fairway from the tee, then place your second shot to the right of the fairway bunker 100 yards from the green. Our biggest green should reward you with a makeable birdie putt!

■ 392 □ 377 ■ 348 ■ 307

The only trouble here is the out of bounds on the right. A solid tee shot leaves a middle to short iron approach to a well bunkered green. The putting is a little tricky here as putts are affected by the grain of the grass.

■ 167 □ 156 ■ 138 ■ 132

This is a tough green to hit due to the wind you cannot feel from the tee and a large bunker guarding the left side. Be careful to align yourself properly and you can make a birdie here with a good shot.

Out of bounds to the right and a fairway bunker that can be flown by the long hitters are the only problems here. An accurate tee shot leaves a short approach to a downhill green. Take one club less and your will be rewarded with a makeable birdie try.
